

## Sign of the Times

In compliance with Ontario Health restrictions, in late March 2020, the Don Mills Camera Club stopped meeting in person and had to find alternate ways to complete the season, which normally wraps up at the end of April.

Planning also began to find an alternative approach to the 2020-2021 season, which begins in September. Since large, long, indoor meetings are much riskier than outdoor gatherings, we are preparing now for an on-line season with a full program of presenters, workshops, and competitions.

As with other camera clubs, DMCC will use ZOOM Video Conferencing, to provide a secure as well as fun experience. We have been testing it and find it very useful and easy to use.

For outings, we will base our approach on health guidance from the Government of Ontario & Toronto Health Authorities.

In these extraordinary times, we encourage you to continue being creative with your photography in a manner that is safe for yourself and for others.

To help you get ready, here are links to videos where you can learn how to easily join a Zoom meeting.
